

Middle Island Keepers' Lodge

Join us for the ultimate outdoor experience on Middle Island! Located on majestic Lake Huron, Middle Island received its name as a result of its location, midway between the North Point of Thunder Bay and Presque Isle, Michigan. Encompassing approximately 300 acres of rugged natural beauty, Middle Island lies two miles offshore of a deserted limestone quarry on northern Lake Huron. Middle Island used to host a busy light station. Nowadays, your neighbors might be white-tail deer, rabbits, song birds, seagulls, or an elusive bald eagle. Middle Island is truly an unspoiled outdoor retreat. In 2003, final work was completed on the renovation of the former U.S. Coast Guard foghorn building, transforming it into a rustic lodge (now called the Keeper's Lodge). Guests can enjoy the unique experience of staying on an uninhabited island while still having modern conveniences at their disposal. A narrated cruise filled with shipwreck and island lore and a tour of Middle Island's lighthouse is included with every stay.

The Keepers' Lodge Package Includes:

Transportation is provided to and from Middle Island aboard the Island Freighter II with Captain Mike Theut. Cruise by the Middle Island Light Station in Lake Huron for some great pictures! During the cruise, enjoy a narrated tour of both underwater objects and Middle Island history. Once you arrive, you will enjoy a 2/3 mile nature walk to the Keepers' Lodge (luggage is handled by us). Transportation is available for those who cannot walk across the island. At the lodge, feel free to settle in before your lighthouse tour. Snorkelers can enjoy swimming over a shipwreck, limestone formations or even a deep sinkhole.

We provide: Propane appliances: stove, oven, fridge/freezer, fireplace, lights, outdoor grill, and a water heater (for shower and dishes). Linens, towels, pots and pans, dishes, paper towels, soaps and cleaning products and spring water for drinking.

We recommend you bring: Warm clothing (it's usually cooler by the lake), hiking boots, water shoes, cameras, slippers, personal toiletries, snacks, drinks, and food for meals. Also feel free to bring larger objects such as kayaks, canoes, fishing poles and tackle, and snorkel or SCUBA gear.
